

Ben Indoe

I was born and raised in Southampton. I have one brother and two sisters living, Linden, Jane, and Carole. I worked at the Plywood's Factory for several years, and I worked as a painter for many years. I moved to the Kitchener and Milton area to work until approximately 1968 when I moved back to Southampton until I married in 1969.

I moved to Owen Sound and worked at Pittsburgh Glass and worked part time at painting. I then went to Douglas Point as a painter and worked there. I worked at Teledyne as a painter 10 years until I retired.

I have three children, two boys and one girl. I served as a Councillor with the Owen Sound Metis for a year and then transferred to Southampton as this was my hometown and Métis roots. I would appreciate your vote to continue representing everybody as I have for the past 7 years.
